

Job Title: Patient Services Supervisor

Date Created: 03/01/2019

Reports To: Chief Executive Officer

Last Revision:

Department: Administration

FLSA: Exempt

GENERAL SUMMARY OF DUTIES: The Patient Services Supervisor is responsible for the leadership, oversight and organizational direction of Scheduling Coordinator Department. Responsible for management of surgical scheduling and compliance with hospital processes.

ESSENTIAL FUNCTIONS

- Ensuring compliance with all hospital policies, state and federal regulatory, licensing and accreditation agencies. Planning, direction, and coordination of the day to day operations and activities of multiple departments to maintain standards of care and service. Participation in strategic planning for surgical and ancillary service lines.
- Oversees the planning, preparation and delivery of high-quality services to hospital patients, employees, visitors, and medical staff. Ensures patient care and departmental standards are met. Creates new programs or services to enhance patient care and customer service. Implements changes in service delivery based on recognized “best practice” and input from internal and external customers.
- In collaboration with hospital management staff, surgeons and hospital support staff at minimizing risk, identifying deficits, and other process improvement initiatives.
- Conducts regular communication sessions with staff and management to advise and inform of organizational strategic plans, activities or changes; listens to and responds to concerns or issues relative to assigned areas.
- Develops standards of performance and performance goals, evaluate performance and competency, and hold staff accountable for meeting and exceeding the mission of the practice.
- Works with administrative team and HR manager to proactively identify recruitment and retention needs and ensures implementation of plans.
- Work directly with department managers to implement action plans to improve areas not hitting target and celebrate positive results; identifies best practices and encourages consistent execution across departments as applicable.
- Treats all information and data within the scope of the position with complete confidentiality and security.
- Ensure sufficient staffing for department.
- Make department aware of changes in policies and procedures.
- Complete annual evaluations.
- Counsel employees and create performance improvement plans, if necessary.
- Assist in hiring and interviewing new employees.
